

THEFT ALERT

SPEC

P7398D - AG

This span cable alarm system was designed for use with any brand of Pivot irrigation system and requires no external power. The Paige Agwire Theft Alert provides instant notification when span cable is cut or tampered with, immediately giving the grower or authorities the edge to catch thieves in the act.

When used in conjunction with Paige Agwire's Complete Theft Deterrent Solution, the Theft Alert will immediately send a notification when the traceable cable has been stolen.
